ACCESS STATEMENT

The 3 terraced cottages are converted from an 18th Century barn & granary on a 5 acre working smallholding in a rural area. The area is an open aspect taking in views of Gwydir Forest, Penmachno Valley, Moel Siabod and the Snowdonia Range beyond. Penrhyddion Pella is on a gently sloping site and as such a certain amount of uneven external landscaping is to be expected.

All 3 cottages use a shared car park, which is level and surfaced with loose slate chippings. This leads through a 120cm wide wooden gate into an enclosed communal garden area. The garden consists of an undulating lawn and planters contained by wire fencing and lit by courtesy lighting. 11metre long level loose gravel paths direct guests through the garden to their individual cottages.

Bwthyn Cottage sleeps 2.

- At the end of the gravel path there are 3 random slate/stone steps down through a 70cm wide wrought iron gate to a level concrete patio with flowerbed.

1st step 21cm drop

2nd step 26cm drop

3rd step 15cm drop.

Garden furniture consists of a cast iron table & 2 chairs.

The entrance to the interior of the cottage is up 2 external steps and through a 74cm wide stable door.

1st step 4cm up

2nd step 18cm up.

- Bwthyn Cottage has a ground and a first floor. The overall décor is light & simple with some exposed stone walls & beams and ample lighting. Flooring is wooden throughout. The entrance to the ground floor is over a thin doormat into an open plan living/dining/kitchen area. Central heating is by individually controllable radiators throughout, plus an electric free-standing 'stove' fire on the ground floor.

- The kitchen area includes a gas cooker, fridge with freezer compartment, microwave, toaster and standard units. It also has a fire blanket, extinguisher, and smoke alarm.
- Living/dining area has a sofa, coffee table, remote controlled colour TV/video player & radio/CD player, dining table and 2 chairs.
- An 88cm wide pine staircase leads from ground floor directly up into the first floor bedroom. The staircase has a L/H handrail and 11 treads with a 90° dog leg and landing half way up.
- The first floor bedroom has two Velux windows and a smoke alarm. The furniture includes a double bed, 2 bedside tables with lamps, a built-in wardrobe and 2 bedside mats on the wooden floor. A half glazed door from the bedroom leads to external stone steps down to ground level.
- The en-suite bathroom is through a 70cm wide door from the bedroom and includes standard fittings of a wc, washbasin & mirrored wall cabinet, and shower cubicle (68 cm square).
